

LOCAL NEWS.

RIVER NEWS.—The high northwest wind prevailing for the last two or three days still continues and interferes somewhat with navigation. The steamer Virginia, of the Maryland and Potomac, which made a special trip to Washington yesterday, and was off her line nearly the whole day. She ran again this morning on the Maryland and Potomac and is still detained there. The water in the river is lower than it has been for many years. The southern mail line is kept up day and night by the Keyport, the steamer Vanderbilt being fast around in Aquia Creek. The Wawaset which arrived last night, but several hours behind time, from Curriam, reports the schooner Robert Nichols aground on the bar at Lower Cedar Point, and the schooner Walter Palmer aground in Ocean Bay. The long boat Arlington, Captain John Douglas, with a load of wood from General Fitzhugh Lee's farm, at Richmond, bound to Washington, lost one of her anchors and chain, and after dragging the other for nearly a mile, yesterday evening, was blown on the bank of the flats opposite this city, and as the tide was falling would have upset had not the steady violence of the wind kept her upright. Mr. James Owings and Capt. Lowe seeing her condition represented it to Captain Thomas Ross, of the tug G. M. Griffin, who went immediately to her relief and towed her over to the wharves of the American Coal Company. When released she had two feet of water in her hold and the waves were breaking over one side of her, and the two colored men who were aboard of her—her Capt. was in Washington—were almost scared to death. The steamer Express due here yesterday evening, from Baltimore, had not arrived at three o'clock this afternoon.

EX-TREMITY.—Considerable excitement was created about the warves near the foot of King street yesterday evening by a party of colored men bound to the fishing shore of Mr. Gibson. The vessel on board of which they were had stopped here temporarily on her way down the river and availing themselves of the opportunity they started out in a body to see the town. On their return however, one of them, as stated in yesterday's Gazette, stole a pair of shoes from the front of the store of Mr. Henry Strauss, and when an attempt was made by a policeman to arrest him his associates interfered, but the officer being reinforced they broke and ran for the wharves, about which they scattered in every direction, but were all eventually discovered, and after much difficulty, during which blows had to be used freely, were arrested and taken to the Mayor's office. The one who had committed the theft was clobbered, but the others were discharged.

MISSION CHAPEL.—The Alexandria Musical Association, under the conductorship of Professor Evans, at their regular meeting last evening, completed arrangements for a proposed concert for the benefit of the wharf Mission Chapel, to be given at St. Paul's Hall, on the second Wednesday after Easter. The pieces to be produced on the occasion have been in rehearsal for some time, and those who have heard them say that the anticipated entertainment will be a real treat. In this connection it may be mentioned that the chapel now in course of erection is progressing rapidly, will be finished in about six weeks, and will be a considerable improvement to the part of the city in which it is located—the east side of Water, between King and Prince streets. The Sunday school to be held in the building has increased in numbers very much during the last few weeks, and is doing good work among a class who receive no other religious instruction.

THIRD WARD RADICALS.—A meeting of the Radicals of the Third Ward was held last night in the colored Odd Fellows' hall, on south Columbus street, E. E. White in the chair and T. J. Edlin secretary. The attendance was very limited, not more than twenty being present, and of those some lived in other wards. The object for which the meeting had been called, as stated in a brief speech by the chairman, was the election of delegates to the County Convention, to be held on the 6th proximo, for the purpose of selecting delegates to the State Convention, and after balloting the result was announced as follows: Delegates, E. E. White, W. L. Penn, T. J. Edlin, T. J. Brown, Hannibal King, Augustus Lumpkins, John Field, Henry Ditcher, Alternates, A. B. Crupper, Charles King, Henry Wilson, G. P. Douglas. The meeting then adjourned.

CANAL MATTERS.—The Cumberland News of yesterday says:—"There is no ice now to obstruct navigation, and as the spring is rapidly advancing, it is hardly probable there will be any more trouble from that source. President Clarke was in this city yesterday paying off the employees on this end of the canal, and attending to other canal affairs. He reports the entire canal in good boating order. Of the boats loaded during the past two days but seven have cleared from this port. We fear that the cold of last night has disappointed the expectations of our contemporary, and that navigation is again hindered on account of the ice."

PISTOL SNAPPED AT A POLICEMAN.—A suspicious looking character was observed about eight o'clock last night standing near the door of the stable of Mrs. Smythe, corner of Alfred and Cameron streets, occupied by George Hinkle, by the policeman at that beat, when the latter approached him he suddenly disappeared, it is supposed by climbing an adjoining fence, but snapped a pistol twice at the officer who was searching for him.

SALE OF LOTS AT FAIRFAX COURT HOUSE.—On Monday last, Mr. Thomas Moore, as commissioner, sold three building lots at Fairfax Court House, belonging to the Jackson estate, to Mr. R. R. Parr, for \$240, \$190 and \$170 respectively, averaging \$200 each. They were all contained in one third of an acre of ground. Upon one of them the Free Masons intend erecting a handsome lodge.

DEATH.—We regret to record the death of Mr. Harrison Bradley, one of our oldest and best citizens—a man universally respected and esteemed, and worthy of the high regard in which he was held by the whole community. He closed a well spent life in peace, having left an example of probity and conduct for imitation, and which will be associated with his name and memory by all who knew him.

RUNAWAY.—A pair of horses belonging to Mr. Augustus Wall ran the wagon to which they were attached on the pavement opposite that gentleman's feed store, on King street, yesterday evening, breaking loose from it, started off down King street at a furious gallop, not stopping until they had burst open and dashed through the gate of the Washington ferry slip, on the wharf.

ALARM OF FIRE.—The alarm of fire about seven o'clock yesterday evening was caused by the burning of the chimney of the house of Mr. James Phillips, near the corner of Patrick and Queen street.

WOOD GIVEN TO THE POOR.—During the winter the Mayor has issued to the poor of this city 115 cords of wood, as follows: 1st ward, 33; 2nd, 14; 3rd, 36; 4th 31 cords.

FUNERAL.—The remains of the late Mr. William Eagan, formerly for many years a well known merchant of this city, were brought here from Washington to day, and buried in the lot of his family, in St. Mary's burying ground. Mr. Eagan had attained the age of 85 years.

MAYOR'S OFFICE.—William Henry, colored, for stealing a pair of shoes from H. Strauss, was clobbered and discharged.

NIGHT REPORT.—Night clear, cold and windy. There were no disturbances nor any arrests, nor any prisoners in the station house.

FRESH FISH.—In consequence of the unfavorable weather only about three hundred bunches of fresh fish have arrived since yesterday, and they were sold at prices ranging from 25 to 40 cents a bunch, according to quality. Among them were about one hundred bunches of herrings.

PERSONAL.—Rev. J. L. Kilgore, whose appointment to the Methodist Protestant Church in this city will be found in another column, is a native of the State of Delaware, and is represented to be a gentleman of culture and fine pulpit abilities.

HOUSE BURNED.—The dwelling house of Mr. Henry Ward, near the Six Chimneys in Charles County, Maryland, on the Potomac, was burned to the ground on Tuesday last during the temporary absence of the occupants.

Local Brevities.
Mr. John Baggett lost a valuable horse at West End last night.

There is not a single case of small-pox or varioloid now in this city.

Three more dogs, supposed to have been bitten by a mad dog, were shot and killed at West End yesterday.

Branches in this neighborhood, were frozen over last night, which had not been frozen over during any one night of last winter.

Mr. Lewis O. Neal, who has a contract upon the street improvements in Washington, has collected and stabled here a large number of fine horses to be employed upon that work.

A horse belonging to Mr. Anthony Dagan broke through the floor of his stable a night or two since and fell into the cellar below, fortunately, however, without receiving any serious injuries.

A letter from Cumberland states that five boats were loaded there on Monday of which two started down the canal. It is supposed here that canal navigation has been suspended on the upper levels by the ice that formed last night.

SPECIAL NOTICES.

ATMOSPHERIC POISON.—The spring sun calls up something besides the flowers and grasses. It evolves from the damp earth; turbid rivers, stagnant pools and black morasses, the gaseous provocatives of disease. From the soil and garbage of unclean cities, too, it exhales an effluvia destructive of health and vigor. Periodic fevers, of various types, are now raging with unusual virulence in various parts of the country, and there are complaints from all quarters of a singularly unhealthy spring. What is to be done? In this emergency, I answer, simple and to the point. Strengthen the body. Weakness predisposes the system to disease. Commence at once a course of the most genial of tonics, Hostetter's Stomach Bitters. Be assured that the germs of epidemic and malarial fevers will never enter the system that has been fortified and regulated with this glorious vegetable restorative. A moist atmosphere aggravates dyspepsia, and all diseases of a bilious type, and the sudden thermometer changes, common at this season, are a severe trial even to strong constitutions. There is but one way of combating these deleterious agencies, and that is by invigorating the body, and imparting a healthy activity to all its functions. The only specific required for this purpose is Hostetter's Stomach Bitters. It is a powerful and pleasant tonic, and its ingredients include all the juices and extracts of the most approved tonic, anti-bilious and anti-septic products of the Botanic Kingdom, and they are combined with a stimulant and superior in quality to the alcohol used in preparing the tinctures and extracts of the "regular" pharmacopoeia. mh 18-2w

AVOID CONSUMPTION.—No enemy to the human race is more to be dreaded and more insidious in its approaches than the too fatal destroyer of health and happiness of myriads—"Consumption in its ghastly form." The duty of all is to guard against its first advances. This may be done by the timely use of DR. TUTT'S EXPECTORANT.

Boston, February 2, 1870.
Dr. Tutt: Dear Sir—Will you please inform me what drugist in New York I can get your Expectorant, as I can use some of it to advantage, having seen the effect of it on a friend of mine? I am fully satisfied that it has but to be tried to establish its merits. It works like magic. What is your wholesale price, delivered in New York? Let me know where it can be had for the present in New York, and I will communicate further with you at another time. Very truly yours,
